

Covered and Held

Elisa Morales | Michael Morales | Brandon McDaniel

Perfectly restored and radiant

Joyfully reclaimed and renewed

Graciously forgiven and raised up

Covered and held in you

You are for me You remade me

Your compassion never fails me

Each morning your mercies are new

Your grace is more than sufficient

I'm covered and held in you

You are for me You remade me

You've never failed me You've always loved me

CHORUS

Your steadfast love never ceases

Your steadfast love never fails

BRIDGE 1

You bent and held me to your face

Pursuit like tidal waves of grace

Now I'm whole within your love

You will always be enough

BRIDGE 2

You'll always be enough

You'll always be enough

BRIDGE 3

I'm covered and held in you, Lord

I'm covered and held in you
