Glory and Lifter of my head  
You are my rescue, strength and help  
Lord of Hosts, I praise your name  
For You have held me all my days

You know me when the lions roar  
You knew me when the giants fell  
When persecution holds my head  
I choose to sing to you instead

## **CHORUS**

My provision  
One true champion  
Lift me up

You surround me on all sides  
You are victory and might  
I will call Your name alone  
You're my shelter; I am home

## **Bridge**

There's authority in Your name  
There is healing for my pain  
Your love's an ocean over me  
As Your captive I am free  
Father of freedom, drown my fear  
God of the battle be my spear  
Wrap my body in Your dance  
And my flesh won't stand a chance
