

# Proven

Charis McDaniel | Brandon McDaniel | Elisa Morales | Michael Morales | Alex Bazan | Lezlie Rozier

You have loudly proclaimed Your promises  
No dark corner can hide Your voice  
There'd be no pursuit if You could not be found  
And when You speak, it's done

## ***PRE-CHORUS***

Even when the distractions feel too much to bear  
We welcome the stir of your power  
When the danger surrounds us, our feet won't give way  
We can trust you in magnificent ways

## ***CHORUS***

You are proven  
Your promises stand  
You are faithful  
You restore our land  
You are gracious  
Your goodness shines through  
Our Father resilient  
You are proven and true

The heaviness of your unfailing love  
Comes within the midst of the storm  
It's perfect when it feels like it has failed  
You're proven and the battle's won

## ***Bridge***

Fear you have no chains  
Shame you have no place  
Lies you have no weight  
I stand amazed, amazed by Your grace
