

Psalm 139

Words and music by **Michael A. Morales**

Lord you have searched me and you know me
There is nowhere I can hide that you won't find me
You are before me and you are behind me
If I rise or I fall, Lord, your right hand will guide me

Pre-Chorus

For you created me and fearfully I am made
Before they came to be, Lord you knew all my days
And Lord you rescued me when I could not escape
And you've ordained for me an everlasting way

Chorus

For you are my friend and you are my God
And it's because of you that I have come this far
You've searched my ways and held me high
You are the light in me that darkness cannot hide
