

The Danger of You

Charis McDaniel | Brandon McDaniel | Michael Morales | Adam Morales | Tom Rozier Jr.

My own security is gone
Adrift in Your love
Lost in grace unyielding

Though currents pull, my fears they fall
I lean into You
I praise as the waves consume me

PRE-CHORUS

Your mystery is comfort
Your wonder my joy
I'm safe; I'll rejoice

CHORUS

They violently rage when the seas
Get one glimpse of Your face
The deep cries out, screams
You are Holy
Fierce and Mighty

God You shield me on all sides
You ground my feet
Lifting my head up high

With all my strength I shout Your name
Your answer is thunder from the holy mountain
In Your cover I'm safe

Bridge

You are not safe
But You are good
I can rest in the danger of You
I can rest, oh I can rest
I am safe in the danger of You
