

# You Are My Fortress

Brandon McDaniel

You are my fortress and you are my rock

A tower in you do I hide

You are my stronghold and you are the strength in my life

I cried and you heard me - you're worthy of praise

You saved me from those who surround

Now death cannot touch me - You've trampled my enemies down

## BRIDGE

I cried out to you, Lord - I cried out to my God

I cried out to you, Lord - I cried out to my God

## **CHORUS**

Praise be to the Lord exalted be God

My rock my savior

You set my feet into dance a holy  
romance

I slept in your favor

Praise be to the Lord exalted be God

My rock my savior

You came on wings of the wind absolving  
my sin

Your love never waivered
