

Your Love is Alive!

Ted Whitehead | Brandon McDaniel | Randy Eubank, Jr. | Michael Morales | Charis McDaniel | Elisa Morales

I feel the stirring around me
Father Your love is coming
My heart alive with your glory
Father Your love is mine

I never want to escape it
All I want is consuming
You are all that I've wanted
It's in You that I thrive

CHORUS

Your love finds me where I surrender
Your love finds me when I can't fight
Your love is alive!
Your love is alive!

Thunder announces your Glory
Nature raises your name
A chorus joining together
It's You they boldly proclaim

You speak commands to the clouds
And they answer with rain
You form the greenest of deserts
Bringing fruit in Your name

Bridge

I Rejoice in desperation
Take a beautiful chance
I'm white knuckled and smiling
It's a beautiful dance

You've walked the depth of the oceans
Closed the grave, took the key
The tomb is empty, defeated
It's Your power in me
