Let It Be Me

Charis McDaniel I Brandon McDaniel

To the hurting, to the lonely

To the ones who just can't see

To the addicts, to the prisoners

Only You can set them free

To the victims, to the broken

There is healing in Your wings

If You're looking for a messenger to go

Let it be me

I'm pressing in to reach out

Not for me but for Your glory

How will they know if we don't share?

Reveal Your heart in their story

I hear You speak, I will respond

You call their names and set them free

If You're looking for a messenger to go

Let it be me

PreChorus

Let your Kingdom reign

Let your Kingdom reign

Chorus

To You be the Glory

To You be the Praise

Let Your name be exalted

Let lives be changed

To You be all Honor

To You hands I raise

I will listen, I will follow

I will proclaim

Bridge

To be a part of your plan

Be the hands and feet of Jesus

I want to go, tell me where

Your promise is to meet us

You promise to redeem us
